

Infor LN Cloud Functional Implementation Consultant

Bravo LT needs you to be a part of our highly motivated group of technology experts. We share a passion for technology and the community we serve, and we are committed to building long-lasting, productive relationships. We focus on giving back to the community, positively impacting society, and providing quality solutions that work. We believe in autonomy, mastery and purpose and in trusting people to do the right thing - and we think Bravo LT is a pretty great place to be a part of.

The Bravo LT Implementation Consultant is a functional expert in the Tier 1 Automotive supplier industry. If you have a strong background in automotive manufacturing processes and have been through Infor ERP implementations in the past, this might be the right role for you!
